

Regulations customs clearance for third country invoices

- 1.) The invoice deposited with the customs declaration must show the same invoice item information as the invoice transmitted to PACT.

Invoice items include:

- invoice number
 - invoice amount
 - item description
 - quantity
 - and unit price.
- 2.) If an order is processed by several partial deliveries, the invoices deposited with the respective customs declarations must be in aggregate reconcilable with the total invoice value.
 - 3.) Tools purchased from PACT must be cleared with the first shipment of products where the tools were used in production.
 - 4.) If a supplier does not comply with the above points and PACT suffers financial damage as a result, the supplier is liable for this damage.
